4. You can clean with water, but ensure unit is switched off.

PRODUCT WARRANTY

This warranty is limited to any defective parts during warranty period. If this unit had been altered, no warranty is in force.

PARTS & ACCESSORIES INCLUDED

2 in 1 rechargeable Lamp / Brush for cleaning use
User manual / USB cable for charging

HOW THE RECHARGEABLE 2 IN 1 MOSQUITO KILLER LAMP WORKS

The Battery Mosquito Killer Lamp has the function of lighting and mosquito killing. Our design optimises the lamp structure to ensure that the light distribution curve of the LED is comparable to that of a filament bulb. The lamp offers efficient LED technology combined with the styling of the classic filament bulb. The blue light with special wavelength to attract insects to the high voltage grid leading to the death of the insect by electric shock 800V. The insect bodies will fall down through the inner space of the lamp and the dead insects can be brushed away.

- * Power: 4W, Lighting 1W, Mosquito killing 3W
- * Battery type: Lithium 18650, 1800mAh
- * Input: USB DC5V 1000MA
- * Mosquito lure beads: SMD2835*9PCS
- * Torch leads: Imitation Lumileds lamp beads 1W
- * Wavelength: 365-395NM
- * Lumen of torch: 100LM
- * Grid voltage: (No mosquitoes touch it) 800V
- * Product weight: 176.5g /260g with colour box

WORKING TIME:

Full charging needs 4.5 hours

1. Both on (lighting + killing): 3.5 hours
2. Lighting only: 9 hours
3. Killing only: 29 hours
